We offer free, confidential pregnancy tests. The test is self-administered and only takes a few minutes.

We offer FREE limited ultrasounds for expecting women up to 20 weeks of pregnancy.

We look for three things in a limited ultrasound:

- Confirmation of pregnancy
- Detect a fetal heartbeat
- Determine estimated gestational age

We provide free and confidential testing for chlamydia and gonorrhea. Chlamydia and Gonorrhea are two of the most commonly reported STIs.

Protect yourself, your baby & your partner.
